

Rentals

We have mobile LED displays available for local rental and delivery here in Texas. Mobile LED displays are perfect for promoting any products and services.

All of our mobile LED displays are easily programmable. The mobile unit will run on electricity or a gas generator. All content and messages that your business wants to be programed on the sign must be fax or email before the mobile unit will be delivered. Minimum rental time is 3 days. Renter is responsible for all electricity and gas costs associated with the rental.
